

ALTO 5+

2.1 Channel Sound Bar with Wireless Subwoofer

Key Features:
Finely tuned premium sound
Wireless subwoofer
Wireless music via Bluetooth
All cables included
Ideal for 43" TV and above
IR Pass-through

Stunning sound. Made simple.

Alto 5+ delivers stunning sound with a quick, easy setup. The sound reverbering from Alto 5+ has been specially tuned to deliver what the artist intended, delivering loud and clear sound. Powered by 2 discrete high-performance acoustic drivers plus 2 deep bass ports, the Alto 5+ with wireless subwoofer delivers exceptionally natural sound quality, from the highest highs to the deepest lows. The included wireless subwoofer delivers extra bass to make movies and music come to life. And because it's wireless, you can place the subwoofer virtually anywhere to adjust your exposure to bass. Enjoy your favorite entertainment even more with three distinct listening modes - Movie, Music, and News. The Movie mode lets you hear the dialogue with precise clarity and feel the impact of punches or explosions in intense action scenes. Music mode enables you to hear instruments, vocals, and bass with pristine accuracy. Finally, News mode isolates ambient sound from speech, enabling you to focus on

content without getting distracted by background noise. Furthermore, Alto 5+ is equipped with Bluetooth for easy wireless music streaming.

Superb sound quality has been matched with a hassle-free setup. Along with set up instructions, Alto 5+ comes with all the cables that you would need to get started. Alto 5+ comes with an IR pass-through cable, allowing you to access your TV from the TV remote, irrespective of sound bar placement. With the wireless subwoofer, you can place the subwoofer virtually anywhere to adjust your exposure to bass. Additionally, wall mounting is made easy with the included kit, complete with a mounting template to ensure that you get it right the first time. When Alto 5+ is set up, control it using your TCL Roku TV remote for ease of use and to reduce clutter.
